

# Beehive Plumbing NOW Offering Financing for New Appliance Installations, Plumbing Repairs, and More!

---

 [beehiveplumbing.com/beehive-plumbing-now-offering-financing-new-appliance-installations-plumbing-repairs/](https://beehiveplumbing.com/beehive-plumbing-now-offering-financing-new-appliance-installations-plumbing-repairs/)

Plumbing repairs, replacements, or installations can end up **being pricey**. No matter what your finances look like, a large repair expense can catch you off guard, especially if you're in the midst of paying for something big like college tuition or a wedding.

## Choose Plumbers in Utah that Accept Payments

*When your finances are being pinched to the max, the last thing you have money for is a **plumbing repair**.* However, having your plumbing system working properly is a necessity, not a luxury. If you need to have your **sewer line repaired** with **pipe lining**, a new **water heater installed**, or your **water main needs to be replaced**, our **master plumbers** have got you covered! At **Beehive Plumbing in Utah**, we offer **amazing prices and coupons** to help ease the burden. We also offer **financing that you can use toward a variety of vital repairs and replacements** as long as the service is a minimum of \$1,000. **Here are just some of the amazing benefits of financing:**

- Easy and realistic monthly payments
- Convenient online bill pay
- Grants you access to much-needed plumbing services
- Flexible rates and terms

Financing a large repair and splitting it into **manageable payments can make life so much easier** and **take the stress out of the situation**. Therefore, don't wrestle with one large lump sum when you have the option paying toward the bill over a negotiated time period.

## Financing for Emergency Plumbing Repairs: 24/7 Assistance

Our professionals understand that a **water heater** hardly ever breaks when you expect it to. This is why **Beehive Plumbing** offers assistance **around the clock**. Therefore, you're not only covered in the financial department, but you also have the **peace of mind knowing that you can reach us in a plumbing emergency**— even at 3 am. This is just one of the many ways we show our customers that **we truly care**.

## How Does Financing Work?

### Step 1. Fill Out Application

**Our financing process is simple**. First, you'll need to fill out our **online financing form**. We'll ask you for some information like:

- Your home address
- Brief financial history
- Your current financial situation
- What work needs to be done
- Where it needs to take place

We'll then take all this information to **determine if you qualify for our financing program**. As always, we promise not to give out any of your personal information to anyone.

## Step 2. Qualify

After you submit your application, **you'll receive an email response regarding the status of your financing**. If you don't have an email, you can ask your contractor to submit an application on your behalf. If you have any questions about how this process works, please **call our Beehive professionals** at (801) 661-8155. We will be happy to walk you through this process to **ease the stress and anxiety that comes with large plumbing costs**.

## Step 3. Make Easy Payments

If your application is approved, then you'll have your repair bill split into **manageable installment payments** that you can **choose to pay off within the designated time frame** or even more quickly if you choose.

## Contact Beehive Plumbing to Receive Financing On Plumbing Repairs and New Appliance Installations in Utah!

If you have more questions about our **financing program**, **what services we cover**, and our **special offers**, please give us a call or send us an email today! Our **experienced master plumbers** can be easily reached at (801) 661-8155 or through our **online contact form around the clock**. Not only do we offer financing, but we **guarantee all of our services 100%**. We are confident that no matter how big or small the job is, **we get it done right the first time**. Our professionals have had the privilege of working with our **amazing customers all over Utah** for **over 15 years**. We look forward to hearing from you and taking care of all your **plumbing needs**.
